Rishabh Kumar

LinkedIn: linkedin.com/in/kurishabh
GitHub: github.com/Rishabh2728
Email: rishabh3725@gmail.com
Mobile: +91 9060358005

Skills

Languages: Java, Python, C, C++, SQL, JavaScript
Frameworks/Tech: React, Node.js, Express.js, MongoDB, MySQL, PostgreSQL, Redis, Redux
Tools: Git, GitHub, Docker, Tableau, Power BI
Core Concepts: DSA, OOP, DBMS, OS, Networking, Cloud Computing
Machine Learning: Scikit-learn, Pandas, Feature Engineering, Model Evaluation
Soft Skills: Cross-functional Collaboration, Problem Solving, Project Management, Adaptability

Experience

CampusOps – School Management System | **Freelance Project** Jan 2026
Full-Stack Developer

- Built a MERN-based ERP managing attendance, timetables, exams, fees and the complete student lifecycles.
- Implemented secure role-based access for Super-Admin, Admin, Teachers, Students and Principal.
- Optimized APIs and database queries to maintain **high performance under heavy concurrent traffic.**
- **Tech Stack:** MERN, JWT, Bcrypt, RBAC, REST APIs, Docker

RDI Institute Management & Test Platform | **Freelance Project** Aug 2025
Full-Stack Developer

- Developed a MERN platform managing **10k+ students** with enrollment, batches, fees and faculty workflows.
- Designed a scalable **online test engine** handling **50k+ mock test attempts** with auto-evaluation and analytics.
- Designed secure authentication, session management and performance dashboards for institute insights.
- **Tech Stack:** MERN, JWT, Bcrypt, REST APIs, Docker

Projects

Data-Gen CLI - Synthetic Dataset Generator | GitHub Feb 2026

- Built an open-source Python CLI that generates realistic, schema-driven datasets for testing, analytics and ML workflows.
- Currently in use by **12,000+ users** for experimentation and project development.
- Supports advanced relationship-aware data generation, a capability offered by only a few tools globally, including enterprise solutions like IBM's synthetic data tools.
- **Tech Stack:** Python, Typer, Rich, Faker

Creator Connect – Creator Networking Platform | GitHub Dec 2025

- Built a MERN platform enabling creators to connect, share posts and collaborate in a community space.
- Implemented real-time messaging and media uploads supporting images and videos.
- Designed scalable APIs, authentication and user interaction features for long-term growth.
- **Tech Stack:** MERN, WebSockets, JWT, Cloudinary

Certifications

- Full Stack Web Development | CSE Pathshala | Link Aug 2025
- Elite Certification | Cloud Computing (NPTEL) | Link Apr 2025
- SQL | HackerRank | Link Mar 2024

Achievements

- DataGen-CLI reached 12,000+ global downloads | Link Jan 2026
- 5 Stars on HackerRank in SQL, Problem Solving and C++ | Link Nov 2025

Education

Lovely Professional University Phagwara, Punjab
B.Tech Computer Science| CGPA: 7.67 Aug 2023 – Present
Navyug Convent School Najafgarh, New Delhi
Higher Secondary | PCM | Percentage: 71% May 2021 – May 2023
Vivekanand Sr. Sec. School Dharuhera, Haryana
Matriculation | Percentage: 85% Mar 2020 – May 2021
