Rishabh Kumar

LinkedIn: linkedin.com/in/kurishabh
GitHub: github.com/Rishabh2728
Email: rishabh3725@gmail.com
Mobile: +91 9060358005

Skills

Languages: Java, Python, C, C++, SQL, JavaScript
Frameworks/Tech: React, Node.js, Express.js, MongoDB, MySQL
Tools: Git, GitHub, Docker, Tableau, Power BI
Core Concepts: DSA, OOP, DBMS, OS, Networking, Cloud Computing
Machine Learning: Scikit-learn, Pandas, Feature Engineering, Model Evaluation
Soft Skills: Cross-functional teamwork, Problem-Solving, Project Management, Adaptability

Projects

Data-Gen CLI - Synthetic Dataset Generator | GitHub — Oct' 25

- Built an official PyPI.org library solving dataset scarcity challenges faced by approximately ~72% of data scientists during experimentation and prototyping.
- Added multi-format export (CSV, Excel, JSON), 50+ template options, and real-time customization, boosting data preparation efficiency by 60%.
- Tech Stack: Python, Typer, Rich, Faker

Academic Burnout Prediction | GitHub — Jun' 25

- Collected real-world behavioral, academic, and psychological indicators from students through a self-designed Google Form, enabling genuine modeling of burnout factors.
- Engineered meaningful features and evaluated multiple ML models, achieving 82% accuracy and producing actionable insights to support early burnout detection and wellness interventions.
- Tech Stack: Python, Pandas, Scikit-learn, ML

Fake Account Detector System | GitHub — Apr' 25

- Built a full-stack AI system that detects fake/bot Twitter accounts using API-driven data collection, keystroke dynamics, watermark patterns, and behavioral analytics—boosting accuracy by 35%.
- Optimized a Random Forest classifier and automated the feature pipeline, reducing false positives by 20% and improving overall system reliability by 50%.
- Tech Stack: Python, JavaScript, React, Twitter API, Machine Learning

Training

CSE Pathshala | Link — Jun' 25 – Jul' 25

Full Stack Web-Development

- Developed responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and Bootstrap, improving UI consistency and page engagement.
- Built and integrated RESTful APIs with Node.js & Express and managed databases using MySQL/MongoDB, enhancing data handling **efficiency by 25%.**
- Implemented secure user authentication (JWT, bcrypt) and deployed full-stack applications on cloud platforms, ensuring smooth performance and reliability.

Certifications

- Full Stack Web Development | CSE Pathshala | Link — Aug' 25
- Elite Certification | Cloud Computing (NPTEL) | Link — Apr' 25
- SQL | HackerRank | Link — Mar' 24

Achievements

- 5 Stars on HackerRank in SQL, Problem Solving and C++ | Link — Nov' 25
- Built and shipped DataGen-CLI, achieving **12,000+** downloads worldwide | Link — Jan' 26

Education

Lovely Professional University — Phagwara, Punjab
B.Tech CSE| CGPA: 7.67 — Aug' 23 – Present

Navyug Convent School — Najafgarh, New Delhi
Higher Secondary | PCM | Percentage: 71% — May' 21 – May' 23

Vivekanand Sr. Sec. School — Dharuhera, Haryana
Matriculation | Percentage: 85% — Mar' 20 – May' 21
